

COMMUNICATOR SURVEY

The Oregon Area Membership Outreach action committee greatly appreciates your cooperation in this survey of Al-Anon membership on how The Communicator, the Oregon Area newsletter, can be a more relevant and useful resource. We're depending on the Group Representatives to find out from our membership how effective the publication is now and how it can be improved. The better response to this survey, the better we can serve you. Please survey at the group level and submit the results to your District Representative.

Suggestions to Improve the Communicator

Content

The goal of this publication is to promote awareness of Oregon Area AFG activities and to educate members about service opportunities in the fellowship. With this in mind, what kind of articles do members want to see in the Communicator?

For example, we discussed having a regular "Ask-it Basket" column for questions to be answered by members with rich history of experience, strength and hope.

Please share any improvements that you can think of.
